RE: Ex Parte Communication
ET Docket No. 04-186
ET Docket No. 02-380

Dear Ms. Dortch:

On October 30, 2006, David Donovan, president of the Association for Maximum Service Television, Inc. ("MSTV") and Victor Tawil, MSTV's senior vice president, met with Fred Campbell, legal advisor to Chairman Martin, regarding the above-referenced dockets.

We discussed several issues raised by the FCC's NPRM including: 1) interference protections, 2) sensing standards, 3) IEEE, and 4) the proposed testing process. We provided him with copies of MSTV pleadings placed in the record previously. In addition, we provided the attached documents.

Sincerely,

A handwritten signature in black ink, appearing to read "David L. Donovan", is written over a large, stylized flourish that extends across the page.

President
